Partners In Innovation

We Understand Your Business... As a start-up device company there's a long list of costs involved in getting your new company up and running, then researching and developing your products—getting them through the maze of FDA approvals—and then, finally, onto the competitive worldwide market.

Exclusively Yours— Expert Market Data & Analysis

We would like to make it easier for you to obtain the essential market analysis you need to plot your strategy confidently in this crucial stage of your company's development.

That's why we've introduced Medtech Insight and Windhover Information's exclusive **Partners In Innovation** Program, only available to companies with \$20 million in sales a year or less.

As a member of **Partners In Innovation**, you'll benefit from numerous program features like expert market data and analysis at a special half-price rate so that you can plot your growth strategy cost-effectively and confidently.

Expert procedure volumes, product, competitor, market analysis and forecasting from Medtech Insight and Windhover Information has been relied upon by top-tier as well as emerging device companies and others for nearly 20 years.

Take advantage of this exclusive program designed specifically for emerging medical device companies like yours!
