First Capital Trust, LLC

# First Capital Trust, LLC

In today's complex financial world, adapting to change, crating effective poducts, and building successful clationships ærintegral components for success. At First Capitalriist (FCT), its leader ship has structured a highly personalizedgærization eliminating unwarranted dweard while allowing for maximum flexibility. FCT is committed to pursuing undervalued assets inherito secur premium and opportunistietums on investments car rying elatively low operating and market risk.

The backbone of the company is comprised of an executive team whose wide-ranging expertise provides considerable insight in almost all aspects of the industry. It includes the intricacies of land assembly and entitlement, the value enhancement of residential and commetal properties, and the development of selected investment opportunities.

Co-Investors can commit to piects with confidence, noting that FCT's principals have a significant capital commitment in every jpct, and have participated in morthan \$500 million worth of equity capitalization to date. FCT's investment strategy is etum-driven, based on econd that boasts annual goss *Internal Rates of Return (IRR)* between 20 and 30 peemt per poject.

### Investment Philosophy & Approach

FCT's basic investment philosophy has been car fully developed to seek out fittable opportunities that taget the ineffciencies between capital flows and property markefundamentals.

At any given period, FCT typically does not commit to more than a handful of transactions to which our own funds and in-houseources are allocated well beforinvestors ar sought. Each project undegroes an externely thorough analysis before co-investor participation, and each is structured to maximize itself estate potential on a standalone basis

Project underwriting also focuses on an understanding of both market, and asset fundamentals through caeful research and market prence.

FCT seeks undervalued opprerties with value enhancing potential in adard range of product types, and geographical diversity.

The FCT team proceeds to structure transaction best suited on an asset-specific basis-in or der to take advantage of the parlent market focus while providing flexibility for its exit strategies.

All of these FCT underwriting strategies ar expertly executed, the py ensuring the futentinancial success of each operct.

#### FCT Objectives

- Acquire undervalued real estate assets in sound & upcoming locations providing the potential for superior capital appreciation.
- Provide optimum, riskadjusted returns by achieving a 20-30% annual IRR over a period of two to four years.

### Award - Winning Design

Quality living in South Florida has been elevated to an art for thanks to The Sieger Swar Architectural Partnership, designers of Biscayne Bay Tower

Though the awalewinning fin has vast experience in the design of all building types, it is their work in the high-risesidential sector of the market that has gamered the most critical acclaim. In fact, since its inception, then fin has successfully designed and completed months \$2\$ billion in high-rise esidential paperties along Florida's Gold Coast.

All Biscayne Bay dwer apartments will feature one of the Sieger Suzar signatur design concepts, "floor though" unit design, whichovides each apartment with unobstructed ws of both Biscayne Bay and the Miami skyline.

This innovative design has set a new standard for luxury living and hasopen to be one of the most successful design concepts to egacin the high-rise esidential market. In many quarters, Sieger Suærz is considered to "own" this achitectural niche, demonstrating their superior knowledge of this market by delivering acquiret that more than often has attained above-expectation market acceptance.

Their recent pojects in South Florida include Portofino Tower Ocean Club, The Pinnacle, Ocean One, Sands Pointe and Hidden Bay. Then fiss currently involved in over \$200 million worth of new high-rise construction.

# Development Along The Bay

Biscayne Boulevard, the main corridor of Downtown Miami and urbaesidential æas since the 1920's once again has become Miami's newest frontier for eal estate development.

Since another main corridor of development activity, Brickell renue, has eached its developmental maturity, investors have rend their focus to the edevelopment potential of the Biscayne Boulevard area as evidenced by its cent boom. Many savvy, high-porfile Miami investors are crambling to partake in the action, and securfoothold either on Biscayne Boulevaror on its bay font.

The Miami Heraldecently eported that evitalized downtown activity is being spolinon by the planned multi-million-dollar forming Arts Center at 14th Stret, and the new American Air lines Sports Agna curently under construction.

Other entepieneurial industries thateashaping the futur of Biscayne Boulevaninclude film and television paduction studios, several fine-dining and entertainment establishments, some of which are located just west of the Boulevan Miami's evitalized Design District.

### Revitalization Raises Values

Property values in the immediate and sur rounding æras have risen sharply over the past two years. This new optimism has encouraged city and county improvements. A \$20 million Bouledar beautification and adwork program is planned for the æra in tandem with a master plan follewellopment. Other æras of the Boulevelraæ being singled-out for pedestrian-friendly landscaping and lighting as well as an economic development plan.

Those changing the Biscaynæaræ drawn by a neighbbrood with history and character and the opportunity tœcreate and e-enegize Miami's main thooughfae where the "Magic City" began. First Capital Tust is poud to have ecognized the early stages of this opportunity. It will shiter vision though the development of Biscayne Bay Tower

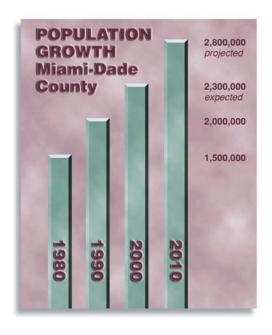

# Target Market

The market for this **pi**ect, primarily urban professionals ages 25 to 54, accounts for almost 50 per cent of Miami-Dade County's population. Both genders in this segment account for almost 1 million people, almost equally distributed.

Overall, Miami-Dade County, as the "Gateway to the Americas", continues to attract newidents from other parts of the United States andoalds: Its dynamic demographics is expected toeinser the metopolitan aga's curent population of 2.1 million to 2.3 million in the year 2000, and to 2.8 million by the year 2010.

Biscayne Bay Tower will offer the location and amenities attractive to urban professionals.

Equally as important as Miami's opercted growth, is the fact that Miami-Dade County boasts a skilled multi-cultural, multilingual workefor which provides an exceptional pool of talent for domestic and interational companies in adard range of industries.

Major employers in theear include: American Airlines, American Bankers Financial, Bacardi-Martini Intenational, BellSouth, Beerr King Corp., Del Monte, Hewlett Packard, The Miami Herald Publishing Co., Mount Sinai Medical Centeyder System, University of Miami/Jackson Memorial Medical Center major cruise lines such as Royal Caribbean Cruises, Norwegian Cruise Line and Carnival Corp.; lage law firms such as Grenbeg Traurig, Shutts & Bowen, Gunsterakley, Holland & Knight, and Steele Hector Davis; and media giants includingesemundo, Univision, HBO Latin America and MTV Latino.

# Greater Miami

Take a matchless yearound sub-topical climate, add a diverse mix of cultural attractions, superb ecreational amenities, fivequessional sports franchises, unparalleled shopping, distinguished educational institutions, a national yearnized health care system, and the grest concentration of domestic and interational banks in the Southeastern United States.

Couple these community-based fundamentals with a strategic location that makes ther Miami home to the intentional headquarters of hundreds of Fortune 500 companies serving markets throughout the Americas and neothan 4.5 million South Floridæsidents -- and you have a community poised to capitalize on the limitless horizon of the 21st century.

#### Miami-Dade: A Global Gateway

Tourism continues to play a significante in Greater Miami's economic with, setting new records both internationally and domestically.

According to a Grater Miami Convention and Visitors Bueau survey completed in 1998, domestic tourism ose significantly to 4.6 million while international tourismose to 5.3 million. Conventions brought more than 1.7 million attendees to Greater Miami and the Beaches in 1997 which added more than \$1.2 billion to thee ais economy.

Miami-Dade County is also an intertional trading hub, with imports and exports rising rapidly. In 1997 exports arched \$29.4 billion and imports totaled nearly \$18 billion. Machinery was the number one export category and the top import category was appearand accessories.

Miami Intenational Airport, now undering a \$1.5 billion expansion, is cuntly the number one feight airport in the United States, and the thir busiest in the world with 35 million passengers per year. In addition, the Port of Miami is Florida's largest cago and passenger port, and is often r ferred to as "the cruise capital of the world."

## Banking on Miami

Miami is a unique banking marketplace, with more than 100 commeial banks, thrifts, feign bank agencies and Edge Act banks operating offices in Miami-Dade, and boasting mohan \$50 billion in combined deposits.

International banks ermaking major contributions to the local economy above and beyond their financial services. When the Florida Inster tional Bankers Association conducted an economic impact study in 1996, Miami's & born bank agencies and Edge Act Bank fores reflected an economic impact of morthan \$1.6 billion on the community, while generating almost \$13 billion in loans in 1998 alone.

In terms of humanesources, moe than 1,500 skilled pofessionals weremployed locally last year by foreign bank agencies. The list of for banks includes Barlays, Desdner Bank Lateinamerika, Lloyds Bank, ABN Amr North America, Banco Santander Bank Leumi Le-Israel, and Standar Chartered Bank.

Brickell Avenue, the financial district of Greater Miami.

# Real Estate Foreign Investment

In 1998, for the thirt year in acrow, foreign investors, ecognizing the ear's potential, ineased purchases of South Floridæarl estate. In fact, the dollar volume of acquisitions in Miami-Dade, Broward and Palm Beach counties in 1908ched \$1.127 billion, the most money spent in the by foreign investors since 1981, when the total was \$1.4 billion. An analysis of last year'schauses indicates that overseas investores for improved income-poducing properties.

Overall, South Florida chalked upercond year in terms of real estate purhases. Industryervenues rose 8.9% in 1998, with \$29.59 billion spentein r alty deals. Miami-Dade County accounted for 36.7 percent of the total. The grest number of sales was in the esidential sector of the market, with sales of new and used houses and condominium units totaling 68.2 preent.

In 1998, almost 95% of the 5,202 condominium units built in Miami- Dade Countyewer sold, attesting to the general enteth of the economy. During the same period, the county saw approximately 1,000 high-risental units built, 90% of which werabsorbed by the market place at a ecord pace.

"...overseas investors preferred improved income-producing properties."

"In 1998...the county saw approximately 1,000 high-rise rental units built, 90% of which were absorbed by the market place at a record pace."

# Investing For The Future

Future projects of FCT over the next the year period include selected comment ventures in shopping centers and tail opportunities; and multifamily esidential ventures in stong neighborhoods focused along the U.S. Easter Seaboard.
